The previous general update of correspondence and manuscript acquisitions appeared in *Russell* n.s. 29, no. 1 (summer 2009): 62–6. There are 71 entries in the correspondence listing below, covering 291 letters before bulk items. The latest item came in July 2013, with the latest number 1,703. The manuscript listing of 13 items brings that total to 76 since 1968. The latest manuscript acquisition is 1,697. Several items were received from other institutions, to whom McMaster Library is very grateful. The following abbreviations are used: L(s). or l(s). = letters(s); P(s). or p(s). = photocopies; Ts. = typescript; tel. = telegram. Carl Spadoni, late Research Collections Librarian, made several of the purchases. Sheila Turcon registered the acquisitions. *There are surely more original Russell documents to be found and acquired or copied.* There is not room here to list new print items or Tom Stanley's new print sources.

THE PLAS PENRHYN TAPES, REC. ACQ. 1,679

These are reel-to-reel audio tapes from the final home of Bertrand and Edith Russell with comments by Chris Farley added prior to their arrival in August 2012. Access to them is awaiting digitization. Russell's voice is said to be on tapes 8, 9, 12, 15, 16, 23 and 24; there may be others. These will provide new text from Russell's very old age, as well as insight into how he and his BRPF colleagues worked.

- 1 Three small filmstrips, numbered I, II, III, in a rigid plastic box c. 13.6 × 8 × 6 cm. Frames include the signature of Walt Ruhman and a drawing of BR in III. BR went on to preface a catalogue (B156) of the "somber horror" of Ruhman's art.
- 2 Red circular plastic Emitape container, c. 9 cm. diameter, with a flat lid edge of c. 6 cm. A green-on-white Emitape label on the lid notes a 3" spool, etc. Inside its lid is a label marked "P.P. Jan. 62. Copy No. 2". This may refer to Pat Pottle, not Plas Penrhyn.
- 3 Magnetophonband BASF tape in box marked Typ LGS 26 and double play tape. Under the box is a label showing price of 14s. from Harrods near the

- Russells' London home at 43 Hasker Street, SW3.
- 4 Philips tape on 10 cm. spool in orange and black box with blank Index.
 - 5 Phillips DP10 doubleplay magnetic tape in blue on white box. Index is blank except for the word "IRAQ" by Farley.
 - 6 Philips tape in white Scotch magnetic tape (10 cm. spool). Noted by Farley on the index: "Bill Jones interviewed by Tom Wengram and [illegible]".
 - 7 Small tape in grey container sent to BR via by R. Wilson. To the sender's address Farley added "South Australia".
 - 8 Philips tape on 10 cm. spool in off-grey box marked "BR's Message for March 25/26 1966 International Days of Protest" (tss. at RA2 220.148476), a Vietnam Solidarity Campaign meeting.
 - 9 Tape in large grey plastic box 18.5 × 19.6 cm. White spine opens to an 18 cm. BASF tape marked by Farley "David Powell interviews BR for his 95th birthday. Broadcast 18.5.67". A second, smaller label (writer unknown) appears to identify the BBC's Home Service ("Radio H.S."). [Powell had been interviewing BR since 1957.]
 - 10 18 cm. Emitape box, with red, yellow, green and black lid containing 17.5 cm. diameter spool with tape marked "reel 1, side 1" and "reel 1, side 2". A further label by Farley (date unknown) states: "DISCUSSION ?C100 W/END SCHOOL" (a reference to a possible Committee of 100 weekend school).
 - 11 Philips DP15 tape in black plastic box with inserted cover featuring pattern of many blue circles. On the inside of the inserted paper cover the following notes possibly by Farley appear:
PROGRAMMES RECORDED ON VOLUME III [of BR's *Auto.*, 1969]
a "The Arts This Week" (May 14.69). Radio 3. Magee and Ayer. ±12 min.
b "Release" (May 17.69) TV. BBC2 (color)—interviews with: Foot, Ayer, Crawshay-Williams. ±17 min.

"Red: Interview with Bertrand Russell. Robert Bolt TV2. 16/3/67". Farley has added: "At time of publication of *Autobiography*, Vol 1."
 - 13 Magnetophonband BASF red tape box, marked by Edith Russell "Lucy's notes". The tape spool itself is marked on a label by Edith Russell: "Lucy's Notes 11 June '62". [Note by Farley: It was common for Edith Russell to refer to Lucy Donnelly as "Lucy". At times she also spoke of BR's youngest granddaughter Lucy. This tape is at present unheard by Farley.]
 - 14 Magnetophonband BASF red tape box, marked by Edith Russell "Jon's Speech in the Making". Unheard by Farley, who wonders whether this might be a reference to Jon Tinker, who at the time of BR's 90th birthday events was working briefly with Ralph Schoenman on preparation of a public celebration in London's Royal Festival Hall.
 - 15 Red and green Radio Moscow tape box, marked in typewriting "Bertran Russel's [*sic*] statement of the forthcoming Conference on Cuba. [Possibly the ts. at RA2 320.17760.] The New Year Message of Bertran Russel to the people of the Soviet Union." Tucked inside is a l. from H. Trofimenko (see Correspondence below). BR had recorded the messages "last month".

- 22 Red Magnetophonband BASF tape box, 15.5 × 15.5 cm., marked by Edith Russell: "Telephone conversation during shingles". (BR in 1961 suffered from the acute viral disease that is characterized by inflammation, pain and skin eruptions along affected nerves.) Marked by Farley: "BR on phone including Schoenman".
- 23 Red Magnetophonband tape box, 15.5 × 15.5 cm., unmarked, with tape marked (by Farley) on one side "Mystery!" The other side is marked on one label "Reel 2, Side 1", and on another "26/11/60 Part only of discussion".

- 27 Emitape box, 13 × 13 cm., marked on underside: "1. Um Shurat Bridge [West Bank]. 2. Mr Derek Cooper." Inside is an unmarked 10 cm. Kodak tape. It is not known if the tape has any connection with the box markings.
