

A FRENCH “RUSSELL ON ...”

Bertrand Russell. *Le pacifisme et la révolution: écrits politiques (1914–1918)*. Translated by Claire Habart and Olivier Esteves; edited by Olivier Esteves and Jean-Jacques Rosat. Marseilles: Agone, 2014. Pp. 320. ISBN: 978-2-7489-0209-9. €25 (pb). Distributed in Canada by Diomédia.

This translation of 41 shorter anti-war writings was selected from *Collected Papers* 13, 14 and 15. They include three post-war writings and are edited with an introduction, footnotes and a *glossaire* of twenty terms, the longest entry being on guild socialism. In the entry on Lady Ottoline Morrell, the letters Russell exchanged with her are described as “*une des grandes correspondances amoureuses et intellectuelles du xx^e siècle*”. An appendix lists fifteen additional texts that were digitally online at www.agone.org/lepacifismeetlarevolution. They are no longer there, although the page for this book remains. (K.B.)
